

TCFI Series Setup File Listing	
Application Specific Setup Files	
Filename	Description
TCFI4_Setup_2005_Touring_88CID_14201.dat	2005 touring model with 88 CID engine, stock compression, Rinehart® true dual exhaust, and high flow air cleaner
TCFI4_Setup_2006_120CID_14202.dat	2006 with 120 CID engine, 10.5:1 compression ratio, 50mm throttle body, 4.89 gm/sec injectors, Vance and Hines Big Radius® 2-into-2 exhaust, and high flow air cleaner
TCFI4_Setup_2006_131CID_Touring_14203.dat	2006 with Jims® 131 CID engine, 10.8:1 compression ratio, 58mm throttle body, 6 gm/sec injectors, Supertrapp® Supermeg exhaust, and high flow air cleaner
TCFI5_Setup_2012_103CID_14204.dat	2012 Softail® with 103 CID engine, stock compression, Vance and Hines Straight Shot® exhaust, and high flow air cleaner
TCFI6_Setup_2012_Touring_103CID_14207.dat	2012 touring model with 103 CID engine, stock compression, mild bolt-in cams, true dual exhaust, and high flow air cleaner
TCFI5_Setup_2014_Softail_103CID_14208.dat	2014 Softail® with 103 CID engine, stock compression, stock cams, Vance and Hines Big Radius® exhaust, and high flow air filter
TCFI5_Setup_2014_Softail_103CID_14209.dat	2014 Softail® with 103 CID engine, stock compression, stock cams, Supertrapp® exhaust, and high flow air filter
TCFI6_Setup_2010_Touring_103CID_14210.dat	2010 touring model with 103 CID engine, stock compression, 2-into-1 performance exhaust, and high flow air filter
TCFI6_Setup_2009_Touring_96CID_Stg1_14211.dat	2009 touring model with 96 CID engine, .500 lift cam, Rinehart 2-1 exhaust, stock compression
TCFI6_Setup_2009_Touring_107CID_Stg4_14212.dat	2009 touring model with 107 CID engine, .500 lift cam, headwork, 10.5:1 compression, stock headpipe, CFR mufflers
TCFI6_Setup_2009_Touring_96CID_Stg1_14213.dat	2009 touring model with 96 CID engine, stock compression, high flow air cleaner **Only recommended for high flow/racing exhaust**
TCFI5_Setup_2014_Softail_103CID_Stg1_14214.dat	2014 Softail® with 103 CID engine, stock compression, high flow air cleaner, 2-1 Supertrapp exhaust with 20 discs
TCFI5_Setup_2014_Softail_103CID_Stg1_14215.dat	2014 Softail® with 103 CID engine, stock compression, high flow air cleaner, 2-into-1 V&H Big Radius exhaust
TCFI6_Setup_2012_Touring_106CID_300KPA_14216.dat	2012 touring model with 106 CID engine, stage 4 with race heads, cams, 58mm throttle body, 7.0 gm/sec injectors, Procharger, Rinehart dual exhaust, 3bar map sensor **For use with 300kpa Speed Density system only**
TCFI6_Setup_2013_Touring_110CID_14217.dat	2013 touring model with stock 110 CID engine, Rinehart dual exhaust, high flow air cleaner

TCFI Series Setup File Listing	
Application Specific Setup Files	
Filename	Description
TCFI4_Setup_2004_Softail_120CID_Stg4_14218.dat	2004 Softail® with 120 CID race engine, 53mm throttle body, race heads, .600 lift cam, 10.5:1 compression, 6.0 gm/sec injectors, high flow air cleaner, V&H Race Pro Pipe
TCFI6_Setup_2013_Touring_120CID_Stg4_14219.dat	2013 touring model with 120 CID race engine, stock throttle body, 5.3 gm/sec injectors, Rinehart dual exhaust. Also applicable to 2009-2012 models.
TCFI_Setup_2012_103CID_G6_SD.dat	2012 and later 103 CID engines with stage 2 or higher modifications. Normal 1,000 RPM idle. Use with special speed-density firmware only.
TCFI_Setup_2012_103CID_G6_SD_Low_Idle.dat	2012 and later 103 CID engines with stage 2 or higher modifications. 700 RPM idle. Use with special speed-density firmware only.
TCFI_Setup_2014_103CID_G7_TC.dat	2014 and later 103 CID engines, Alpha-N base setup. Stock engine, no modifications. TwinCooled.
